## Health and Social Care Survey

### ONLINE Fieldwork: 26th to 31st January 2022

Absolutes/col percents

Table 71

**Q.9 We'd like to ask you some questions about your experience of NHS healthcare. In the last five years, have you or someone else in your immediate family experienced any of the following:**

#### Summary Table

Base: All respondents

	Not knowing how long you will need to wait to see your GP - causing you to feel low, stressed or anxious	Not knowing how long you will need to wait for hospital treatment - causing you to feel low, stressed or anxious?	Feeling low, stressed or anxious whilst waiting for hospital treatment because you weren't sure if your referral had been lost?	Having your care affected because a doctor or nurse did not know what care or treatment you had already received?	Having to chase up referrals yourself to make sure you got seen?	Having your care delayed or affected by you being referred to the wrong service?	Seeking treatment for a health issue without getting the support you needed?	Having to be kept in hospital because a support package wasn't in place for you to be discharged?	Having been discharged without the right care package in place to support you?	Having struggled to access healthcare support because you did not know where to turn?	Receiving poor care because of problems with the NHS workforce (e.g. workers under too much pressure, not enough staff, poorly trained staff)?	Feeling anxious about getting the NHS support you need in an emergency?

## Health and Social Care Survey

### ONLINE Fieldwork: 26th to 31st January 2022

Absolutes/col percents

Table 170

**Q.10 We'd like to ask you some questions about accessing adult social care support (services for adults in need or at risk, or adults with needs arising from illness, disability, old age or poverty).**

#### Summary Table

Base: All respondents

	Have you ever used adult social care support for yourself?	Have you ever used adult social care support on behalf of a friend or family member?	Have you ever tried to access adult social care support on behalf of yourself or a friend or family member without being able to do so?	Have you struggled to access adult social care support because you did not know where to turn?	Have you ever felt low, stressed or anxious whilst waiting for adult social care support because you did not know how long you would have to wait?	Has your access to adult social care been delayed or affected by you being referred to the wrong service?	Have you ever sought adult social care without getting the support you needed?	Has the quality of your or a loved one's adult social care suffered because of problems with the workforce (e.g. workers ...)?
